

FIFRA Sec. 2(ee) Recommendation

Reduced use rate for basal bark, cut stump, and cut stubble treatments to control woody brush and trees in New York State

EPA Reg. No. 241-398

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.

All applicable directions, restrictions, precautions, and Conditions of Sale and Warranty on the EPA registered label are to be followed. Refer to the container label for additional instructions. Always read and follow label directions.

Information contained in this Technical Information Bulletin is not intended to replace or amend any product labeling. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

The user must have this recommendation in their possession at the time of use.

Directions For Use

Basal Bark, Cut Stump, and Cut Stubble Treatments

For basal bark, cut stump, and cut stubble treatments, apply a mixture containing 1% to 3% volume to volume (v/v) **Stalker**[®] herbicide and 20% to 25% v/v **Garlon**[®] 4 herbicide (triclopyr) in an appropriate spray carrier.

Stalker is a registered trademark of BASF.

Garlon is a registered trademark of Dow AgroSciences LLC.
